---	---	---	--	--

Ask Your Child/Car Chatter:

27 Making a seashell mural by sticking 100 seashell stickers on it to see how many 100 of something is (M, PH)	28 Building a Newport mansion in the Block Center (PH, SS)	29 Creating an art inspired project by the author of the month, Maurice Sendak (L, CA) *	30 Making a list with our class of what kinds of animals might live at Roger Williams Zoo (CD, LD)	31 K is for King Crab: having crab races outside (PH, LD)
---	---	---	---	--

Ask Your Child/Car Chatter:

“Ask Your Child/Car Chatter”

Use these questions or suggestions to help your child make connections from school to home by talking about what was learned in school, connecting play to school concepts, and more!

Rhode Island Early Learning & Development Standards (RIELDS)

Domains:

(Denotes calendar activities that are aligned with the RIELDS)

CA – Creative Arts
CD – Cognitive Development
PH – Physical Health and Motor Development
L – Literacy
LD – Language Development
M – Mathematics
S – Science
SE – Social and Emotional Development
SS – Social Studies

Early Learning standards articulate shared expectations for what young children should know and be able to do. They provide a common language for measuring progress towards specific learning goals.

Curriculum Calendar

*denotes take home project that will be placed in your child’s mailbox

Author/Illustrator Spotlight: Maurice Sendak

Suggested books to read together:

*Higglety Pigglety Pop! or There Must Be
More to Life*

Outside Over There

In the Night Kitchen

Very Far Away

Little Bear

Where the Wild Things Are

Sign Language:

Sand

Beach

Song of the Month: Take Me Out to the Ocean

Tune: Take Me Out to the Ballgame"

Take me out to the ocean

Take me out to the sea

There goes a starfish and sand dollar

I'm having such fun, I've just got to holler

Oh, it's swim, swim, swim underwater

Catch a ride on a whale, don't fear.

For the sea animals are our friends,

Let's give a great cheer!

Math and Measuring: Geometry

Children learn to identify shapes and their attributes, and solve mathematical situations using shapes. They begin by exploring how differently shaped objects fit or do not fit together by manipulating such things as nesting cups. Later, they combine and separate shapes to make designs or pictures (i.e. completing shape puzzles)

Yoga Pose:
Lobster

Spotlight on: Cognitive Development

Development in the domain of cognition involves the processes by which young children grow and change in their abilities to pay attention to and think about the world around them. Infants and young children rely on their senses and relationships with others; exploring objects and materials in different ways and interacting with adults both contribute to children's cognitive development.
