Song of the Month: Dressed in the Morning

Sung to: "This is the way"
https://www.youtube.com/watch?v=1GDFa-nEzlg

This is the way we get dressed in the morning, dressed in the morning, dressed in the morning
This is the way we get dressed in the morning, so early in the morning!
This is the way we put on our shirt, put on our shirt, put on our shirt
This is the way we put on our shirt, so early in the morning!

(Act out each movement.....continue adding items of clothing depending on the weather or season you want to discuss. (Socks, shoes, snow pants, boots, raincoat, etc.)

Math and Measuring: Classification and Patterning

Children learn to sort objects by common attributes, to identify patterns, and to predict the next sequence in a pattern. Clothing is a great, everyday way to teach classification and patterning because children can touch, sort, compare, and physically move the items. You can help your child when you sort clothing by different attributes, such as type, color size or pattern.

Yoga Pose:
Scarecrow

Spotlight on: Social Emotional Development

This area is all about young children's evolving capacity to form close and positive adult and peer relationships, to actively explore and act on the environment while learning about the world around them; and express a full range of emotions in socially and culturally appropriate ways.
